FEATURES

The Astrid Elite Standard series is stylish and compact - ideal for retail, museum and gallery environment.

A unique modular system with track, surface, pendant and wall mount options, the sleek lines of the fittings are achieved through integration in the 'engine' of the driver and so no external components are visible.

The Standard series is designed to give a uniform lighting output solution in one environment through different mounting bases.

TECHNICAL + OPTIONS

Product Code	Mounting Type	Wattage	Lumens *	Finishes	Colour
